PROGRAM INFORMATION

Selangor Human Resource Development Centre (SHRDC) in partnership with SAS Academy is working together with selected Klang Valley companies to offer the Big Data Analytics training program and potential full-time employment.

Participants will undergo a 3-month full-time and intensive classroom technical training on related competencies in preparation for on-the-job training (OJT) at the partner companies, where their competencies and capabilities will be assessed for potential conversion to full-time employment.

Participants will acquire a strong foundation in big data analytics specializing in the following modules, at SHRDC Training Centre in Shah Alam.

List of Modules – SAS Certifications

- SAS Enterprise Guide 1
- SAS Programming 1
- SAS Programming 2
- SAS Data Integration Studio
- SAS Visual Analytics: Fast Track
- Statistics 1: Introduction to ANOVA, Regression and Logistic Regression
- Applied Analytics Using SAS Enterprise Miner
- R Programming

Upon success completion of the training program and passing of required examinations, participants will be awarded the following:

- ✓ SAS Certified Base Programmer
- ✓ SAS Certified Visual Business Analyst
- ✓ SAS Certified Predictive Modeler
